

Artorio's Menu Allergen information

This guide is provided to enable you to make your own decision on menu choice. We are unable to recommend or inform you what is suitable for you to eat. The descriptions on our menus do not include all ingredients or allergens, therefore always check the allergen guide to identify suitable dishes.

The information in this allergen guide is based on supplier specifications and recipe information. **Please be aware that this allergen information is subject to change, therefore ensure that you check it each time you visit. You will need to make sure you personally inform a Manager of your specific allergy dietary requirements, before you place your order. You need to do this every time you dine with us, even if you have previously eaten the dish.** This way we can ensure that extra attention to detail is taken when preparing your meal, in order to help prevent allergen cross-contamination.

Accompaniments and standard garnishes are included, unless specified. Items that are added as an additional self-selection choice or upgrade must be reviewed and added to the base information.

We regularly review the allergen data available to us. Although the circumstances in which a product is made, stored or packaged and distributed may change without our knowledge.

Not all products and dishes are available at all sites and are subject to change without prior warning.

Cross-contamination:

Please be aware that in our kitchen we handle food products containing, celery, cereals containing gluten, crustaceans, eggs, fish, lupin, milk, mollusc, mustard, nuts, peanuts, sesame seeds, soya, sulphur dioxide and derivatives of these allergens. Therefore it is impossible to fully guarantee that your meal has not accidentally come into contact with an undeclared allergen.

Cooking equipment (e.g grills, fryers etc) and food preparation areas may be shared. It is possible that any fried items you select from this guide may have been cooked in the same frying oil as items containing allergens, meat and dairy dishes.

Please ask a Manger if you would like additional information regarding our cooking methods and policy. If you are concerned about allergen cross-contamination of the food you wish you order please inform a Manager

As part of the legislation on The Provision of Food Information to Consumers, Regulation EU 1169/2011, we only highlight allergenic ingredients if they are intentionally added to a product.

Cereals and Gluten:

The information in our allergen guide relating to “cereals containing gluten” is applicable to wheat, rye, barley, oats, spelt, kamut and the hybridised strains and products thereof. For identification of these specific cereals containing the gluten. Please request to see the product label/recipe.

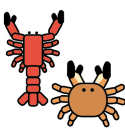

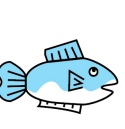

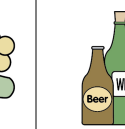

We cannot guarantee the total absence of allergens in our dishes.
